

CYLINDER STORAGE RACKS & CAGES

As a precautionary step against any unnecessary hazards, these racks not only protect your employees and others from harm, they also protect and extend the life of your cylinders. These sturdy OSHA yellow racks have lockable doors. The paint is baked on, for a long lasting finish. Our racks are built of **100% welded construction**. They come **fully assembled**, saving you costly set-up time and eliminates the chance of loose bolts.

Cylinder Cart - 33# & 43# Hi-Lo Style

Our cylinder cart is designed to allow cylinders to be moved easily and safely. The 30" wheel base allows the cart to be more stable than other carts and resist tipping.

Featuring heavy-duty, semi-pneumatic tires and 100% welded chassis, the cart can be used on both standard and aluminum cylinders.

Comes standard with a baked enamel blue finish and comfortable vinyl hand grips.

M/N	CAPACITY	HGTH	WDTH	DEPTH	WGT
CC-233	2 - 43# or 4 - 33# Tks	46"	26"	23"	58#
CC-333	3 - 33#/43# Tanks	46"	36"	23"	59#
CC-100	1 - 100# Tank	46"	26"	23"	57#

NOTE - The CC-233 can carry (4) aluminum 33# cylinders, 2 cylinders stacked on 2 cylinders and will only carry (2) steel 33# or 43# cylinders.
