

## 312 Cylinder Collar

The Burners, Inc. protective cylinder collar cap is designed for use on 100# (23.5 gal) propane tanks and allows the collar cap to remain in place during the use of the tank. The open frame design easily allows users to attach fittings and access the cylinder valve. Sturdy 12ga, fully welded construction.

**IMPORTANT** - This protective cylinder collar cap is only intended to be used for valve protection during transportation. It is not designed to be used as a lifting device for the cylinder..

<b>Specifications</b>
